### Message From The Chairman.....

#### Make work a Celebration

We are already in the festive season. After Durga Puja and Laxmi Puja we are going to celebrate Kali Puja and Dipavali, the festival of light. Dipavali is a great festival of India which celebrates victory of light over darkness, good over evil. We pray to the Divine mother to illumine what is dark in us. We have also observed the birthday of Mahatma Gandhi, the father of the Nation whose life and message, more than ever is relevant in our present day society. Purity of thought word and deed as Gandhi once pointed out, are the invaluable components of goodness. Politics without principle, wealth without work, pleasure without conscience, knowledge without character, commerce without morality, science without humanity and worship without sacrifice – these seven social sins as Gandhiji observed in Young India, are now tearing off the entrails of man and society.

There is appalling absence of goodness in society, Gandhiji categorically asserted that everyone has the right to live, dress, house and feed and that bereft of these elementary rights, goodness is a myth. Although evil seemed at times to rule the world, the eternal truth is that the world survived so long as goodness resided even in some persons. Love, as Gandhi pointed out is the hall mark of goodness. It is love that crowns the meaning and glory of goodness and truly, goodness stands for truth, non-violence and love.

I wish all members of Synergy family to live up to the ideals of Gandhiji and be good human beings.

Jai Hind
